Important Information About Your Health Plan

Am I Eligible?

All full-time students are automatically enrolled in the Juilliard Student Health Insurance Plan. All students are strongly encouraged to remain enrolled in the Student Health Insurance Plan.

Domestic students who are enrolled in 6 or more credits while at The Juilliard School will be automatically enrolled in and charged premium for the Plan.

International students who are enrolled in 6 or more credits while at The Juilliard School will be automatically enrolled in and charged premium for the Juilliard School Student Health Insurance Plan. The plan benefits meet the medical insurance requirements for international students holding "J" visas. Enrollment is mandatory for all international students, including students from Canada. The premium for coverage will be added to the student's tuition bill and coverage may not be waived under any circumstances.

How Do I Waive?

Domestic students who are currently insured under a comparable U.S. health insurance plan, including Medicaid, may waive coverage under the Plan with proof of such existing coverage. The comparable U.S. health insurance plan must include coverage for medical services in New York City. The premium for coverage will be added to the student's tuition bill and will remain unless a successful waiver is completed by the waiver deadline of August 13, 2018. The waiver form is available on WebAdvisor.

Enrollment is mandatory for all international students, including students from Canada. The premium for coverage will be added to the student's tuition bill and coverage may not be waived under any circumstances.

A Message From Juilliard

Dear Full-Time Student:

While you are a student at The Juilliard School, your health is one of our foremost priorities. As a performing artist, you have unique physical and emotional health concerns. We strive to ensure the delivery of excellent health care for our students, all of whom use their bodies as vital instruments, whether in the concert hall, on the stage or in the dance studio. Further, we recognize that the cost of medical care in New York City can be quite high, and we want to be sure that you have adequate insurance protection and access to good health care. Towards that end, The Juilliard School offers on-campus Health and Counseling Services. Additionally, we have endeavored to provide student health insurance that is affordable and which offers excellent benefits.

1. Juilliard offers coverage under the Student Health Insurance Plan in compliance with New York insurance regulations and meets or exceeds the minimum insurance standards for student health insurance plans as established by the Affordable Care Act. The plan provides unlimited medical expense benefits for all covered injuries or sicknesses per coverage year. In addition, a prescription drug benefit is included. A $2,124 charge for the Student Health Insurance Plan has been added to your Fall and Spring Semester's tuition bills.
2. US citizens and permanent residents may waive enrollment in the Student Health Insurance Plan by providing documentation of other health insurance coverage, including Medicaid. The coverage provided by the alternative policy should be equal or greater to the coverage provided by the Student Health Insurance Plan as listed on the waiver form. Determination of adequacy of other coverage is the responsibility of the student or the Parent/Guardian of a minor student.
   a.) Complete the Student Health Insurance waiver form.
   b.) Return the Student Health Insurance waiver form to the Student Accounts Office at Juilliard with a copy of the front and back of the health insurance card from the alternative source. The form can be mailed with your Fall Semester tuition payment, but it must be received by the Student Accounts Office at Juilliard no later than August 13, 2018.
   c.) Enrollment is mandatory for all international students, including students from Canada. International students may not waive the Student Health Insurance Plan.
3. IMPORTANT LIMITATION NOTICE: When at school, in the absence of a Medical Emergency, and during Juilliard Health Services' normal business hours, the student's first visit for each condition must be to Health Services. A clinician there will provide a referral to an outside provider when deemed medically necessary. Students need new referrals every academic year. Expenses incurred for medical treatment received without the requisite referral may be covered at the non-preferred level of benefits.
4. Persons insured under this plan may choose to be treated within or outside of the Cigna Network. The network consists of hospitals, physicians, and other health care providers organized in a network for the purpose of delivering quality health care at affordable rates. In order to use the services of a participating provider, you must present the identification card that is mailed to all Insured Students and be referred by Health Services as explained in 3. above.
5. Juilliard Health Services will make every effort to refer you to a provider who is in the Cigna network. However, such a referral does not guarantee that all treatments, tests or medications you might receive from the provider are covered under the school's student health insurance policy. If the outside provider advises you that tests and special treatments or surgery are warranted to diagnose and/or treat you, you should call the claim administrator, Consolidated Health Plans at (877) 657-5030 to clarify any coverage limitations. Juilliard Health Services makes no representation about coverage under any health insurance policy by referring you to an outside provider.
6. Your insurance ID card will be mailed directly to your student box. Please watch for it and after you receive it, keep it with you at all times. You can print your card online at www.chpstudent.com.

Please feel free to contact Juilliard Health Services at (212) 799-5000 ext. 282 with any questions or concerns.

Sincerely,
Juilliard Health and Counseling Services

Preauthorization Procedure

Services Subject to Preauthorization.
Our Preauthorization is required before You receive certain Covered Services. Your Participating Provider is responsible for requesting Preauthorization for in-network services and You are responsible for requesting Preauthorization for the out-of-network services listed in the Schedule of Benefits.

Preauthorization Procedure.
If your Provider seeks coverage for services that require Preauthorization, your Provider must call Us at the number on the ID card. Your Provider must contact Us to request Preauthorization as follows:

- At least two (2) weeks prior to a planned admission or surgery when Your Provider recommends inpatient Hospitalization. If that is not possible, then as soon as reasonably possible during regular business hours prior to the admission.

After receiving a request for approval, We will review the reasons for Your planned treatment and determine if benefits are available. Criteria will be based on multiple sources which may include medical policy, clinical guidelines, and pharmacy and therapeutic guidelines.

Student Health Services Referral Requirement

The Certificate has a gatekeeper, usually known as a Primary Care Physician ("PCP"). The Certificate requires that the Student Health Services act as a Primary Care Physician ("PCP"). You need a Referral from Student Health Services before receiving Specialist care.

If a Member obtains a Referral, their Cost-Sharing may be lower. See the **Schedule of Benefits** section for **Cost-Sharing**.

Services Not Requiring a Referral from the Student Health Services. The Student Health Services is responsible for determining the most appropriate treatment for a Member's health care needs. You do not need a Referral from the Student Health Services to a Participating Provider for the following services:

- Primary and preventive obstetric and gynecologic services including annual examinations, care resulting from such annual examinations, treatment of Acute gynecologic conditions, or for any care related to a pregnancy from a qualified Participating Provider of such services;
- Emergency Services;
- Pre-Hospital Emergency Medical Services and emergency ambulance transportation;
- Maternal depression screening;
- Urgent Care;
- When the Student Health Center is closed;
